

From the Desk of . . .

CYRIL S. KHANYILE, M.D.

5/13/87

Miriam,

Thank you for your letter. I showed it to your father, but as you may surmise this matter weighs heavily on his conscience. He is feverishly working now to get to a point where he might bring all of you here if you wish to further your education. He talks always about you - his kids etc. This is a short letter

I enclose ~~two~~ pictures of his, taken recently ~~two~~ by Ernest Cole + the other by Joe Tak

He suffers from Diabetes Mellitus, Nes. fuba, + high blood pressure. He has been hospitalized twice in the last ~~more~~ two years. He's ok now later
